Fee: a **$50.00** fee is required for all permits. Applications submitted less than 10 days prior to the proposed fireworks display shall require an additional **$50.00** late processing fee. Failure to provide the required documentation and fee will result in denial of application.

All fees must be paid in full via our online portal located at the following address:

https://www.velocitypayment.com/client/maryland/osfm/index.html

All applications must have the following documentation attached: (prior to submitting application)

- ☐ Proof of Insurance to include: Nondeductible form, the State of Maryland must be named as an additional insured, must include a thirty day cancellation clause.
- ☐ Authority Having Jurisdiction's (AHJ) completed site inspection form. (Original Signature Required)
- ☐ Signature from the responding fire department indicating knowledge of the proposed fireworks display date.

  It is at the discretion of the AHJ to determine if the local fire department needs to be on scene during the fireworks display. If required, the signature is to confirm the Fire Department will be staged at the location during the proposed display and what staffed equipment will be on location.
- ☐ Letter from the applicant/sponsor acknowledging their responsibility for perimeter security on land and water and how this is to be accomplished. IE: crowd control.
- ☐ Copy of driver's license, front and back, for the person transporting the fireworks to the display site.
- ☐ Copy of the approved product transportation route.
- ☐ Site plan for the proposed display area. The site plan is to include but not limited to accurate measurements from mortar location to spectators, structures, roads, etc.; location of structures, roads, waterways, spectators and any other items of importance; layout plan for the location of different sized mortars. The site plan will also include driving directions to the property and the display site.
- ☐ If other properties are in the fall out zone of the fireworks, a letter must be attached from the property owner or representative of the property owner stating that they give permission for their property to be used in the fall out zone. If any structures are within the fall out zone, the owner of the structure must provide documentation that the structure will not be occupied during the fireworks display. All structures within the fallout zone shall be deemed as being unimportant.
- ☐ Detailed site operation schedule. To include but not limited to: date and time of product arrival to site, date and time of mortar rack set up, date and time of mortar loading, date and time of any test shots, date and time of shoot, date and time of clean up, plan for removal of any live product from site, etc.

The Office of the State Fire Marshal reserves the right to require additional documentation as necessary.
